John in the data you recently gave us, well codes are listed like well-1, well-2, etc. You indicated that these are codes for before and after treatment systems etc. Could you please give me the detail on this. I am looking at well-1, 2, 3, thru 9 and wonder what in the world all this means. Also, I would really appreciate getting Ex. 6 - Personal Privacy data as soon as you can get it to me.  
thanks  
Rich
